An "Emergency" means a health emergency or other unavoidable event which is beyond the reasonable control of the University, which results in a situation in which the University determines in its sole discretion, based on advice from a medical professional, or a directive, bulletin, notice or other form of communication, order or legislation from a public health authority or other authority having jurisdiction, or other information or advice deemed relevant by the University ("**Directives**"), that a Resident, employees of the University or other persons or invitees, are or may be exposed to imminent danger from a dangerous condition or situation, damage to the Residences, disease, virus or other biological or physical agents that may be detrimental to human health, while in the Residences.

If an Emergency exists, the University may amend, supplement or otherwise enforce any rules or regulations in existence, may impose additional rules and regulations, and may impose restrictions to mitigate or minimize the effects of the Emergency. Without limiting the generality of the foregoing:

- during an Emergency, the University shall be entitled to restrict or limit access to residences to employees of the University only, and/or to prohibit entry by a Resident, visitors or invitees for a reasonable period of time during such event;
- notwithstanding that the University may have entered into an Occupancy Agreement with a Resident, the University shall have the right during an Emergency, to terminate such agreements prior to the commencement of the Occupancy Period, in order to comply with Directives or where the University determines that it will not be safe to operate residences for a Fall and/or Winter Semester, and the University shall have no liability to a Resident as a result of such termination;

Where an Emergency or any other restrictive governmental laws or regulations, fire, damage, or other unavoidable event which is beyond the control of the University, results in the closure of a Residences during the Occupancy Period, the University, in its

sole and absolute discretion shall determine what, if any, fees shall be refunded to the Resident, having regard to the length of the closure, the nature of the event causing the closure and such other factors as the University deems appropriate in the circumstances.

J. OTHER FACTORS

The Woodsworth Residence building houses a restaurant that is located on the north-east side of the building, with patio seating on the east side. There will be noise and/or possibly smoke emanating from this area.

Residents may experience noise generated by local traffic, emergency services, construction vehicles, garbage trucks, maintenance truck pick-ups and other typical urban noise.

There is on-going construction on several buildings in our precinct, which will significantly and directly impact the Woodsworth College Residence:

The Academic Wood Tower is located on the east side of the residence, atop the Goldring Center for High Performance Sport. This wood academic tower is currently under construction and construction will continue during the summer of 2026. This will continue to cause considerable construction noise, dust, dirt and other construction effects on all of our residents. Residents on the east side of the building, and to some extent the southeast side, will be most directly impacted by this construction however the impacts may be felt throughout the residence, regardless of room placement. In addition, the St George Laneway, which is the area between Woodsworth College at 119 St George, and the Woodsworth Residence is included in the current construction. It has been hoarded off and serves both as a staging area and a construction zone, including housing construction machinery and equipment, as well as other construction related activities. The south facing, and to some extent south-east facing rooms both east and west wings will be most affected by this, as they directly overlook this laneway, however impacts may be felt throughout the residence. This work may also impact access to and from the residence from the courtyard area. Due to the presence of construction workers on scaffolding and swing stage equipment, a lack of privacy may be felt during this work. Residence bedrooms all are equipped with black out blinds which, when lowered, provide visual privacy.

The Woodsworth Academic Tower construction is underway and will continue into summer 2026. This 5-story building will be constructed on the south end of Woodsworth College at 119 St George Street. As a result, there may be noise, dirt, and other construction related effects.

All this surrounding construction means that the Woodsworth Residence will be greatly affected by noise, dirt/dust, and general lack of privacy and construction site conditions, including ones that we may not anticipate.

Within the residence, there are a selection of apartment renovations taking place as part of scheduled maintenance. The apartments will be under renovation throughout the summer and may cause construction noise, vibration, dust, dirt and other construction effects. The impacts of these renovations may be felt throughout the residence, regardless of room placement.

Woodsworth College Residence will adhere to any public health measures, guidelines, or legislation. It may be necessary to restrict access to building amenities, services, and/or guest registration.

There will be no compensation or reduction in residence fees for any apartments/rooms affected by any of the aforementioned conditions.

From time to time, the Dean or their designate may release limited resident information under controlled circumstances to approved third parties, for the specific purpose of facilitating resident voting in federal, provincial, municipal or student society elections.

K. RESIDENTIAL TENANCIES ACT

As the living accommodation is provided by Woodsworth College Residence to its residents or staff, all major questions relating to the living accommodations are decided after consultation with a council within the residence and, the living accommodations are not intended for year-round occupancy and do not contain their own self-contained bathroom and kitchen facilities, the residence is exempt from the Residential Tenancies Act, 2006 (RTA) based on S. 5 (g) of the RTA.

L. AGREEMENT IN WRITING

This agreement and the attached appendix and the Summer Residence Handbook constitute the entire agreement between the parties. There are no representations, warranties, collateral agreements or conditions affecting the room or this agreement except as expressed herein and as amended with sufficient notice to residents. In the event that information or policies in the Residence Handbook and this Occupancy Agreement differ, the policies as set out in the Occupancy Agreement shall take precedence.

M. SUMMER EXTENSION
